## The Beautiful New 17' STARFLYTE

## Unbelievable, but true — EVERYTHING in 17'!

Who would believe that a light weight 17' trailer could possibly have every feature assuring you complete comfort and convenience? Well, the Starflyte has it! First, it is the most beautiful thing you ever saw. All new in exterior line and design, with Royal Gold and Colonial White color blending in a charming fashion. The interior decor is a thing of pleasure. Luxurious new upholstery, lovely draperies, colorful appliances and floor covering all blend together in tonal perfection.

This brand new Shasta is completely self contained. Large shower with flexible spray nozzle extension. Marine type toilet with large capacity septic tank. Bowen tank type hot water heater. 30 gallon pressurized water system. Sealed combustion space heater with integral modulating thermostat. Combination gas-electric refrigerator. Range with oven control and automatic ignition. Beautiful interior of rich, colorful wall paneling and smart, new cabinetry. A luxury lounge across the rear sleeps two in real comfort. Above is a fold-out bed with polyfoam mattress and two extra windows for added ventilation. In front the spacious dinette makes up in seconds to a comfortable bed for two. An optional feature is another upper fold out bed for two, with an extra window. The Starflyte will then sleep eight.

The quality features continue! 14 large windows, 12 of which open. Storage galore — cabinets, drawers, full length wardrobe. Up front is a large side chest for storage of bedding. Spacious full width trunk. All of the walls, ceiling and cabinetry are 3 ply hardwood, required for strength, durability and beauty. No pressed paperboard anywhere in this quality trailer! The new Starflyte meets or exceeds all quality construction codes, including the American Standard A119.2 for travel trailers. Three lighting systems — butane, 110 volt and 12 volt, the latter being wired thru to the 6-way car connector. Lots of convenience outlets. Full length mirror. Stainless steel sink.

The Beautiful  
17' STARFLYTE

AMERICA'S  
LARGEST SELLING  
TRAVEL TRAILER

4000 Lb. undercarriage assembly. The electrically welded chassis has seven cross members, including the hose carrying bumper. Heavy duty 8:25 x 14 tires. Metal underbelly seals against road slush and moisture, assures you a dry floor. Truss rafters to stand the snow load. Sink and shower drain independently of the septic tank. Electric brakes with car kit. Twin LPG tanks. Heavily insulated with fiberglass thruout — floor, walls, ends, roof. Hot and cold water lines drain. Two Sky Dome roof vents. Vented hood over range. Full length screen door. The Starflyte is built like a plane or boat — strong, but light. Only 2300 Lbs. Workmanship is unexcelled — no piece-work at Shasta!

Why pay more for unnecessary freight? It adds nothing to the desirability of your trailer! Shasta has six factories across the nation in six separate states. Your dollar buys more trailer, less freight. Shasta's volume purchasing effects additional savings which are passed on to you in the form of a lower price. Your Shasta is the result of 26 years of experience. Our graduate engineers bring you travel trailers of integrity! Customer satisfaction has made Shasta the largest producer of travel trailers in America! See your friendly Shasta dealer today.
